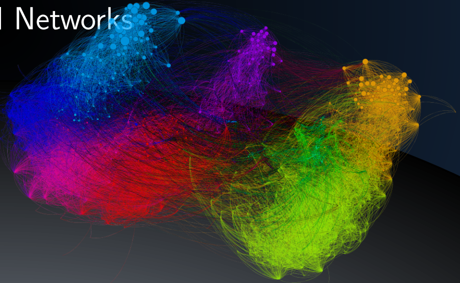
Graphs in Machine Learning

Natural Graphs

Social, Information, and Biological Networks

Michal Valko

Isara Labs



Partially based on material by: Andreas Krause, Branislav Kveton, Michael Kearns

Natural graphs from social networks

- people and their interactions

Natural graphs from social networks

- people and their interactions
- structure is rather a *phenomena*

Natural graphs from social networks

- people and their interactions
- structure is rather a *phenomena*
- typical ML tasks

Natural graphs from social networks

- people and their interactions
- structure is rather a *phenomena*
- typical ML tasks
  - advertising

Natural graphs from social networks

- people and their interactions
- structure is rather a *phenomena*
- typical ML tasks
  - advertising
  - link prediction (PYMK)

Natural graphs from social networks

- people and their interactions
- structure is rather a *phenomena*
- typical ML tasks
  - advertising
  - link prediction (PYMK)
  - find influential sources
